Injections

MEYERS COCKTAIL

This infusion provides a boost of energy and an overall feeling of wellness. B vitamins 1-6 & B12: fights fatigue & gives a much-needed energy boost. Vitamin C helps with inflammation and immunity.

IMMUNE BOOST

Naturally reduces inflammation – includes the best of all our IV's all in one powerhouse:

- Essential fluids, antioxidants,
- Vitamin C & Zinc
- B-Complex & B-12
- Magnesium, sodium & calcium
- Glutathione

HANGOVER RECOVERY

While a night out can be great fun, you may feel it the next day. Our quick and effective intravenous treatment helps you beat a variety of symptoms at their source so you can go about your day and forget the events of last night.

ATHLETIC PERFORMANCE

Designed for athletes who look for effective ways to promote peak performance and care for their bodies before and after exercise. This improves muscular performance, increases blood flow, improves endurance, and hydrates your body.

ATHLETIC RECOVERY

if you're constantly pushing yourself to your physical limits, you need to adequately fuel – and refuel – IV therapy for athletes will make sure you're on top of your game. Muscle recovery after exercise, wound healing, reverses catabolic breakdown of muscle.

IV Add-ons:

Optional add ons to any infusion

Zofran - Vitamin C - Vitamin B12 - Vitamin D3

Injections

SKIN REJUVINATION

Repair your skin from the inside out and absorb 100% of these vitamins. Our skin rejuvenation treatment has the right blend of powerful antioxidants to help cleanse your body of those harmful free radicals so the true beauty of your skin can shine through!

VITAMIN & MINERAL REPLETION

Naturally reduces inflammation – includes the best of all our IV's all in one powerhouse:

- Essential fluids, antioxidants,
- Vitamin C & Zinc
- B-Complex & B-12
- Magnesium, sodium & calcium
- Glutathione

MIGRAINE-MUSCLE- ANXIETY RELIEF

Designed for people experiencing migraines, muscle pain, or anxiety symptoms. The vitamins and minerals in the fluid help to balance your body's natural levels, which lead to many health benefits.

OZONE IV

Ozone therapy is able to increase the body's natural antioxidant production, enhance oxygen metabolism, and modulate the immune system. It can take a sluggish immune system and give it the boost it needs to function on a whole different level. It also restores your energy level and increases your feeling of wellness.

IV Add-ons:

Optional add ons to any infusion

Zofran - Vitamin C - Vitamin B12 - Vitamin D3
